#### Techniseal and Accessories:

Course Description: Explore the world of paver accessories from Techniseal and other manufacturers. It is imperative that we are trained in all available products to enhance the outdoor living space

#### Synteen Technical Fabrics:

Course Description: George Shackelford, drainage specialist, will discuss the importance of reinforced fabrics and their role in hardscapes both horizontal and vertical

#### Anchor Retaining Walls- Highland:

Course Description: Chris Ebbesen and Tim Huinker will discuss the details of installation and focus on the Highland retaining and free standing wall that Crego Block will be manufacturing starting in 2010

#### New Belgard Products and Marketing:

Course Description: See what new products will be introduced in the following year. Learn what Belgard is doing and will continue to do to drive end users to Belgard. See what tools are available to Belgard authorized contractors and dealers.

#### NCMA/ICPI and other Acronyms:

Course Description: Short discussion of the importance of NCMA, ICPI, and other organizations that are associated with landscape design

#### AIA Approved Lunch for Architectural Community:

Course Description: Belgard Professional- Nathan Angel from Superlite will be coming in to do a special Hardscapes AIA Approved presentation for credit. Credits offered are one hour of CEU, HSW, and the new SD for the presentation of LEED possibilities and the best usage for Hardscape materials.

#### Hardscaping 2010, Preparing for the Future:

Course Description: Professional Speaker, Paul Cimini from Thunder Hill Partners will discuss making sound decisions to lead us through this downturn economy, generating the next wave of hardscaping, and creating enticing outdoor living structures.
