Notes:

To assure the highest quality experience for all participants, maximum enrollments will be limited to 24 individuals based on a first-come, first-served basis as determined by postmark.

The minimum number of enrollments needed to present the workshop is 14. Your check will be held until that number of enrollments has been received. In the event that this minimum is not met by March 16, 2010, the class will be cancelled and you will be notified via email. At such time, I will void the check and shred it.

If you decide to cancel after you have sent payment, you must inform me verbally or via email at or before 5pm P.S.T. on March 16, 2010 for a full refund (less a \$25 service and processing charge). No refunds after March 16, 2010.

If you need a letter certifying that you attended the workshop, please contact me and I will prepare one for you at no cost.
